

PlateCrafters

is proud to offer our

PHARMACEUTICAL & MEDICAL PACKAGING DIVISION

PLATECRAFTERS DEVELOPED THE PHARMACEUTICAL, NUTRACEUTICAL AND MEDICAL PACKAGING DIVISION TO SERVE A MARKET WHICH REQUIRES PRINTING PLATES TO BE PRODUCED IN A cGMP ENVIRONMENT. CURRENT GOOD MANUFACTURING PRACTICES DICTATE AN ACCOUNTABILITY THAT GOES BEYOND STANDARD QUALITY CONTROL. OUR WORKERS ARE TRAINED TO WORK WITH THE STANDARD OPERATING PROCEDURES SET FOR THIS DIVISION AS WELL AS THE INDIVIDUAL PROCEDURES SET BY OUR CLIENTS.

OUR CLIENTS DEPEND UPON PLATECRAFTERS TO ADAPT ART AND COPY FOR THE PRESS WHICH WILL CARRY THE PLATE. WORKING CLOSELY WITH THE MANUFACTURERS OF INLINE PRINTING EQUIPMENT GIVES PLATECRAFTERS TOTAL UNDERSTANDING OF WHAT IS REQUIRED TO PRINT THE BEST IMAGE.

PLATECRAFTERS CAN PRODUCE PLATES FOR THE HAPA 216, 226 AND 231 PRESSES. THE HAPA PRESS REQUIRES HOLES TO BE PUNCHED WITH 100 PERCENT ACCURACY. PLATECRAFTERS HAS A PRECISION MACHINE TO PUNCH PERFECT HOLES TO THE SPECIFICATIONS OF HAPA. NOT ONE HOLE IS PUNCHED BY HAND.

PLATECRAFTERS HAS INSTALLED THE MOST ADVANCED EQUIPMENT FOR MAKING SUPERIOR QUALITY PRINTING PLATES. OUR DUPONT DIGITAL FAST SYSTEM PROVIDES OUR CUSTOMERS WITH MANY BENEFITS SUCH AS: EXCELLENT INK TRANSFER FOR PRINTING UNIFORMITY, HIGHER DURABILITY FOR LONG PRINT RUNS AND EXCEPTIONAL THICKNESS UNIFORMITY. THE DUPONT FAST SYSTEM CUTS THE TIME REQUIRED TO MAKE A PLATE FROM FOUR HOURS TO ONE HOUR. THIS CAN BE VERY HELPFUL WHEN HANDLING RUSHES THAT COME UP. PLATECRAFTERS CAN ALSO PRODUCE CONVENTIONAL POLYMER PLATES AS WELL AS RUBBER PLATES DEPENDING ON THE NEEDS OF THE CUSTOMER.

PLATECRAFTER IS PROUD OF ITS DEDICATED WORK FORCE. A VERY LOW TURN OVER RATE INDICATES OUR WORKERS ARE SUITED TO THE cGMP ENVIRONMENT AND THE JOBS THEY WERE HIRED TO DO. THIS STABILITY ENABLES WORK TO RUN SMOOTHLY THROUGH THE PLANT TO MEET THE NECESSARY DEADLINES REQUIRED BY THIS INDUSTRY.

PLEASE FEEL FREE TO CONTACT US BY PHONE OR EMAIL. WE CAN ALSO ARRANGE A VISIT TO OUR FACILITY OR A FORMAL AUDIT.
